

e-SANCHIT

E-Sanchit is the system introduced by the Government of India for Import /Export Cargo to reduce physical interface between Customs and clearing agents and significantly reduce transaction time by uploading digitally signed documents.

E-SANCHIT: - (e-Storage **ANd** Computerized **H**andling of **I**ndirect **T**ax documents) Post Clearance Compliance Verification (PCCV) will be carried out online based on the electronic version of supporting documents, instead of hardcopy documents of the Bills of Entry.

It has already been made available to importers and exporters in the country. Moreover, CBIC has extended this facility to PGA (Participating Government Agencies). This facility enables PGAs to provide required clearances in the form of certificates, through document upload facility to the beneficiaries (importer and exporters).
