

Brief Report-

Interactive Meeting with e-seal Vendor- M/s. ibTrack Solutions Private Limited on 28/11/2017 in Mumbai

With effect from 15th December, 2017 e-sealing shall become mandatory in respect of the exporters, who have been permitted self-sealing facilities under the erstwhile excise procedure or GST regime, AEO exporters and exporters availing supervised stuffing at their premises.

There are concerns amongst the members about the operation, procedures, availability of e-seals, readers at the shipment port etc which had to be addressed.

As a service to the members, the council has arranged an interactive meeting with **M/s. ibTrack Solutions Private Limited, Bengaluru** which is one of the four CBEC approved vendors for e-seals. The meeting was organised on **28/11/2017** at Conference Room, CHEMEXCIL HO, Mumbai

The technical session was conducted by **Mr Arjun Gorur- Project Site Engineer at M/s. ibTrack Solutions Pvt Ltd** who is handling the implementation of this project all over the country.

To cover the commercial aspects, ibtrack had also deputed the representative of their distributor in **Maharashtra M/s. Shrideep Enterprises.**

Mr. Gorur fully explained the process of registration, RFID working, reader coverage etc. He also added that as on date ibtrack has a lead-time of 3 weeks from payment receipt. But they expect situation to improve substantially from Dec 10 onwards. Then it is expected to reduce to one week.

Further, ibtrack has covered installation of fixed readers at JNCH (Nhava Sheva). Regarding others ports (Hazira/ Mundra) they have partially covered and assure covering all the entry points by Dec 2nd week.

The interactive meeting received good response with over 45 members attending the session.

Member's interacted with the speakers and were satisfied with the information provided to them.
