FACT SHEET- VIETNAM

COUNTRY FOCUS:
INDIA & VIETNAM

Background:-

The conquest of Vietnam by France began in 1858 and was completed by 1884. It became part of French Indochina in 1887. Vietnam declared independence after World War II, but France continued to rule until its 1954 defeat by communist forces under Ho Chi MINH. Under the Geneva Accords of 1954, Vietnam was divided into the communist North and anti-communist South. US economic and military aid to South Vietnam grew through the 1960s in an attempt to bolster the government, but US armed forces were withdrawn following a cease-fire agreement in 1973. Two years later, North Vietnamese forces overran the South reuniting the country under communist rule. Despite the return of peace, for over a decade the country experienced little economic growth because of conservative leadership policies, the persecution and mass exodus of individuals - many of them successful South Vietnamese merchants - and growing international isolation. However, since the enactment of Vietnam's "doi moi" (renovation) policy in 1986, Vietnamese authorities have committed to increased economic liberalization and enacted structural reforms needed to modernize the economy and to produce more competitive, export-driven industries. The communist leaders maintain tight control on political expression but have demonstrated some modest steps toward better protection of human rights. The country continues to experience small-scale protests, the vast majority connected to either land-use issues, calls for increased political space, or the lack of equitable mechanisms for resolving disputes. The small-scale protests in the urban areas are often organized by human rights activists, but many occur in rural areas and involve various ethnic minorities such as the Montagnards of the Central Highlands, Hmong in the Northwest Highlands, and the Khmer Krom in the southern delta region.

National Flag:-

The **Vietnam flag** was officially adopted on November 30, 1955. The gold five-pointed star symbolizes the five groups of workers in the building of socialism (intellectuals, peasants, soldiers, workers and youths), while the red symbolizes bloodshed, and the revolutionary struggle.

Vietnamese Symbols:-

Coat of Arms: The national emblem of Vietnam was adopted on November 30, 1955, and features a circular red background and yellow star representing the Communist Party of Vietnam.

Flower: Red Lotus

Tree: Bamboo, Rice

Motto: "Independence -- Freedom -- Happiness"

Patron Saint: Ho Chi Minh

National Anthem:-

"Tiến Quân Ca" ("Marching Song"), also known as the "Army March" and the "Song of Advancing Soldiers", is the National Anthem of Vietnam, both written and composed by Văn Cao in 1944.

Country Name:-

Vietnam (Vietnamese: Việt Nam pronounced [viət nã:m] (listen)), officially the **Socialist Republic of Vietnam** (Vietnamese: Cộng hòa xã hội chủ nghĩa Việt Nam), is the easternmost country on the Indochina Peninsula. With an estimated 94.6 million inhabitants as of 2016, it is the 15th most populous country in the world.

Capital: Hanoi

Currency: Vietnamese dong

Time difference between India and Vietnam:-

Vietnam is 1 hour and 30 minutes ahead of India

Independence:-

Just consider the U.S. response to Ho Chi Minh's declaration of Vietnam's independence on September 2, 1945. Vietnam had been a French colony before World War II started. After France fell to Germany in 1940, Japan seized control of Vietnam, but allowed French officials and troops to administer the country.

National Holiday:-

Jan 01 – New Year's Day, Feb 04 Tet Eve, Feb 05 Tet Nguyen Dan, Feb 06 – 08 Tet Holiday, Apr 15 Hung Kings Temple Festival, Apr 29 – 30 Reunification Day Holiday, May 01 Labour Day, Sep 02 National Day

Constitution of Vietnam:-

The Constitution of the Socialist Republic of Vietnam is the current constitution of Vietnam, adopted on 28 November 2013 by the Thirteenth National Assembly, and took effect on 1 January 2014. It is the fourth constitution adopted by the Vietnamese government since the political reunification of the country in 1976.

The Legal System of Vietnam:-

Vietnam has had a single, unified legal system since 1975. Vietnam's socialist legal system is influenced by eastern and western legal traditions, the French civil law system, and Soviet communist legal ideology. Legislation (legal normative documents) is the most important source of law.

ECONOMY - OVERVIEW

Vietnam is a densely populated developing country that has been transitioning since 1986 from the rigidities of a centrally planned, highly agrarian economy to a more industrial and market based economy, and it has raised incomes substantially. Vietnam exceeded its 2017 GDP growth target of 6.7% with growth of 6.8%, primarily due to unexpected increases in domestic demand, and strong manufacturing exports.

Vietnam has a young population, stable political system, commitment to sustainable growth, relatively low inflation, stable currency, strong FDI inflows, and strong manufacturing sector. In addition, the country is committed to continuing its global economic integration. Vietnam joined the WTO in January 2007 and concluded several free trade agreements in 2015-16, including the EU-Vietnam Free Trade Agreement (which the EU has not yet ratified), the Korean Free Trade Agreement, and the Eurasian Economic Union Free Trade Agreement. In 2017, Vietnam successfully chaired the Asia-Pacific Economic Cooperation (APEC) Conference with its key priorities including inclusive growth, innovation, strengthening small and medium enterprises, food security, and climate change. Seeking to diversify its opportunities, Vietnam also signed the Comprehensive and Progressive Agreement for the Transpacific Partnership in 2018 and continued to pursue the Regional Comprehensive Economic Partnership.

BILATERAL RELATIONS BETWEEN INDIA AND VIETNAM

Development of bilateral and commercial ties:

India granted the "Most Favoured Nation" status to Vietnam in 1975 and both nations signed a bilateral trade agreement in 1978 and the Bilateral Investment Promotion and Protection Agreement (BIPPA) on March 8, 1997. The Indo-Vietnam Joint Business Council has worked to promote trade and investment since 1993. In 2003, both nations promulgated a Joint Declaration on Comprehensive Cooperation when the General Secretary of the Communist Party of Vietnam Nông Đức Mạnh visited India and both nations are negotiating a free trade agreement. In 2007, a fresh joint declaration was issued during the state visit of the Prime Minister of Vietnam Nguyễn Tấn Dũng. Bilateral trade has increased rapidly since the liberalisation of the economies of both Vietnam and India. India is the 13th-largest exporter to Vietnam, with exports that have grown steadily from \$11.5 million in 1985-86 to \$395.68 million by 2003. Vietnam's exports to India rose to \$180 million, including agricultural products, handicrafts, textiles, electronics and other goods. Between 2001 and 2006, the volume of bilateral trade expanded at 20-30% per annum to reach US\$1 billion by 2006. Continuing the rapid pace of growth, bilateral trade is expected to rise to \$2 billion by 2008, 2 years ahead of the official target. India and Vietnam have also expanded cooperation in information technology, education and collaboration of the respective national space programmes. Direct air links and lax visa regulations have been established to bolster tourism.

In 2010, as the ASEAN-India free trade agreement came into effect, bilateral trade exploded to US\$3.917 billion by the end of 2012, with Vietnam exporting \$1.7 billion to India in 2012, an increase of 56.5% from 2011. As of 2015 bilateral trade stands at US\$7 billion & both nations have agreed on a target of US\$20 billion by 2020.

The PRC has complained about Indian cooperation for the exploration for oil in Vietnamese waters, especially in light of the disputed political status of the Spratly Islands, and other nearby island chains, which India currently recognises as part of Vietnam.

Strategic cooperation:

India and Vietnam are both members of the Mekong-Ganga Cooperation, created to develop and enhance close ties between India and nations of Southeast Asia. Vietnam has supported India's bid to become a permanent member of the U.N. Security Council and join the Asia-Pacific Economic Cooperation (APEC).[17] In the 2003 joint declaration, India and Vietnam envisaged creating an "Arc of Advantage and Prosperity" in Southeast Asia; to this end, Vietnam has backed increasing the significance of the relationship between India and the Association of Southeast Asian Nations (ASEAN) and its negotiation of an Indo-ASEAN free trade agreement. India and Vietnam have also built strategic partnerships, including extensive cooperation on developing nuclear power, enhancing regional security and fighting terrorism, transnational crime and drug trafficking.
