CHEMEXCIL

CHAIRMAN'S DESK

Basic Chemicals, Cosmetics & Dyes Export Promotion Council, Popularly known as CHEMEXCIL was established in the year 1963 by the Ministry of Commerce & Industry, Government of India with the objective of promoting Dyes & Dye Intermediates, Organic & Inorganic chemicals, Agro Chemicals, Soaps, Detergents, Cosmetics, Toiletries, Essential Oils, Castor Oils, etc. CHEMEXCIL with a membership base of over 4000 provides free service as a reliable single point source of contact to help buyers in sourcing from India.

CHEMEXCIL has an extensive infrastructure as well as marketing and information facilities that are available by both exporters and importers. In the Dyes / Chemical / Cosmetics sector, India's share of world trade has grown rapidly reflecting the excellent quality and competitive prices of our products.

CHEMEXCIL provides a wide spectrum of services to Trade and Industry and acts as a catalyst for the growth of India's Trade by promoting Dyes and Dye Intermediates, Basic Organic and Inorganic Chemicals, Soaps, Detergents, Cosmetics, Toiletries, and other products like Essential Oils, Castor Oil, etc. It has an extensive infrastructure as well as marketing and information facilities that are availed by both exporters and importers.

The total export performance of the items covered by the Council for April 2021 to March 2022 was USD 24313.88 Million as against USD 17533.04 Million in the previous year registering an increase of 38.67 %.

The total export to BANGLADESH during the year 2021-22 is USD 632.72 million as against USD 466.39 million of the corresponding period last year (2020-21) registering positive growth of 35.66% with major segments being Dyestuffs, Chemicals and cosmetics.

As you all are aware, Ready-Made Garment (RMG) industry valued at around USD 32 Bn is the mainstay of Bangladesh economy accounting for almost 84 percent of Bangladesh's exports. The RMG sector of Bangladesh therefore assumes great importance for exporters of Dyestuffs, Chemicals from India.

The 40th Dye+Chem Bangladesh Expo 2022 will be a major meeting place in Bangladesh for Buyers and Suppliers of Dyestuffs & Chemicals and will also provide an interactive platform for Exhibitors to generate business through displays / direct interaction and will enhance the synergy effect and attract top-level professionals from the Industry thus improving technology, focus and visitors of the expo.

During the event, members will be able to meet existing clients and gain new ones. It will also assist them in obtaining potential contacts and achieving new business leads from visitors in their target market. It's a great platform from which to introduce a new product or service. This will raise awareness of the brand and its products.

I am confident that 40th Dye+Chem Bangladesh Expo 2022 in Bangladesh will provide an opportunity for our exporting community to clinch attractive business deals as well as provide a unique opportunity to showcase their manufacturing capabilities for the fructification of India's "Make in India" program.

All participants and visitors at 40th Dye+Chem Bangladesh Expo 2022 in Bangladesh are wished success in their endeavors.

With Warm Regards, (S
G MOKASHI)
Chairman, CHEMEXCIL

CHEMEXCIL

FACTSHEET

BRIEF of BANGLADESH

The huge delta region formed at the confluence of the Ganges and Brahmaputra River systems - now referred to as Bangladesh - was a loosely incorporated outpost of various empires centered on the Gangetic plain for much of the first millennium A.D. Muslim conversions and settlement in the region began in the 10th century, primarily from Arab and Persian traders and preachers. Europeans established trading posts in the area in the 16th century. Eventually the area known as Bengal, primarily Hindu in the western section and mostly Muslim in the eastern half, became part of British India. Partition in 1947 resulted in an eastern wing of Pakistan in the Muslim - majority area, which became East Pakistan. Calls for greater autonomy and animosity between the eastern and western wings of Pakistan led to a Bengali independence movement. That movement, led by the Awami League (AL) and supported by India, won the independence war for Bangladesh in 1971.

The post-independence AL government faced daunting challenges and in 1975 was overthrown by the military, triggering a series of military coups that resulted in a military-backed government and subsequent creation of the Bangladesh Nationalist Party (BNP) in 1978. That government also ended in a coup in 1981, followed by military - backed rule until democratic elections occurred in 1991. The BNP and AL have alternated in power since 1991, with the exception of a military - backed, emergency caretaker regime that suspended parliamentary elections planned for January 2007 in an effort to reform the political system and root out corruption. That government returned the country to fully democratic rule in December 2008 with the election of the AL and Prime Minister Sheikh HASINA. In January 2014, the incumbent AL won the national election by an overwhelming majority after the BNP boycotted, extending HASINA's term as prime minister. In December 2018, HASINA secured a third consecutive term (fourth overall) with the Awami League coalition securing 96% of available seats, amid widespread claims of election irregularities. With the help of international development assistance, Bangladesh has reduced the poverty rate from over half of the population to less than a third, achieved Millennium Development Goals for maternal and child health, and made great progress in food security since independence. The economy has grown at an annual average of about 6% over the last two decades and the country reached World Bank lower-middle income status in 2014.

CHEMEXCIL

National Flag:-

The national flag of Bangladesh was adopted officially on 17 January 1972. It consists of a red disc on top of a green field. The red disc is offset slightly toward the hoist so that it appears centred when the flag is flying

National Emblem of Bangladesh:-

The national emblem of Bangladesh was adopted shortly after independence in 1971. Located on the emblem is a water lily, that is bordered on two sides by rice sheaves. Above the water lily are four stars and three connected jute leaves.

Flower: Water Lily

Tree: Mango

Motto: No official motto. National slogan and war cry: Joy Bangla, Four fundamental principles: Democracy, Socialism, Secularism and Nationalism

National Anthem:-

"Amar Sonar Bangla" is the national anthem of Bangladesh. An Ode to Mother Bengal, it was written by Bengali polymath Rabindranath Tagore in 1905. The melody of the hymn adopted from the Baul singer Gagan Harkara's song "Ami Kothay Pabo Tare" set to Dadra Tala.

Country Name:-

Bangladesh (officially called People's Republic of Bangladesh) is a country in South Asia. It is next to the North-east Indian provincial regions of India, which converges with Southeast Asia to the east. Its full name is The People's Republic of Bangla-Desh.

Capital: Dhaka

Currency: Bangladeshi taka

Time difference between India and Bangladesh:-

Bangladesh is 30 minutes ahead of India

Independence:-

The Independence Day of Bangladesh, taking place on 26 March, is a national holiday. It commemorates the country's declaration of independence from Pakistan in the late hours of 25 March 1971 by the undisputed leader of the Nation Sheikh Mujibur Rahman.

CHEMEXCIL

National Holiday:-

Independence Day, 26 March (1971); Victory Day, 16 December (1971); note - 26 March 1971 is the date of the Awami League's declaration of an independent Bangladesh, and 16 December (Victory Day) memorialize the military victory over Pakistan and the official creation of the state of Bangladesh

Constitution of Bangladesh :-

history: previous 1935, 1956, 1962 (preindependence); latest enacted 4 November 1972, effective 16 December 1972, suspended March 1982, restored November 1986.

Amendments: proposed by the House of the Nation; approval requires at least two - thirds majority vote by the House membership and assent to by the president of the republic; amended many times, last in 2018 (2019)

The Legal System of Bangladesh:-

The legal system of Bangladesh is based on a common law system. However, unlike other common law jurisdictions, Bangladesh's Supreme Court has the power to not only interpret laws made by the Parliament, but to also declare them null and void and to enforce fundamental rights of the citizens. mixed legal system of mostly English common law and Islamic law.

International organization participation:-

ADB, ARF, BIMSTEC, C, CD, CICA (observer), CP, D-8, FAO, G-77, IAEA, IBRD, ICAO, ICC (national committees), ICRM, IDA, IDB, IFAD, IFC, IFRCS, IHO, ILO, IMF, IMO, IMSO, Interpol, IOC, IOM, IPU, ISO, ITSO, ITU, ITUC (NGOs), MIGA, MINURSO, MINUSMA, MONUSCO, NAM, OIC, OPCW, PCA, SAARC, SACEP, UN, UNAMID, UNCTAD, UNESCO, UNHCR, UNIDO, UNIFIL, UNMIL, UNMISS, UNOCI, UNWTO, UPU, WCO, WFTU (NGOs), WHO, WIPO, WMO, WTO.

GEOGRAPHY

Location:

Southern Asia, bordering the Bay of Bengal, between Burma and India.

Continent: Asia

Largest city: Dhaka

Provinces: Administrative geography of Bangladesh. Bangladesh is divided into 8 Divisions (Bibhag - Barisal, Chittagong, Dhaka, Khulna, Mymensingh, Rajshahi, Rangpur, Sylhet and 64 Districts (Jela, Zila, Zela), although these have only a limited role in public policy.

Neighbouring countries: Nepal, China, Bhutan, India, Myanmar

Geographic coordinates: 24 00 N, 90 00 E

Area:

Total: 148,460 km²

Land: 130,170 km² & Water: 18,290 km²

Country comparison to the world: 95

Land boundaries: Total: 4,413 km

border countries (2): Burma 271 km, India 4142 km

Coastline: 580 km

Climate:

tropical; mild winter (October to March); hot, humid summer (March to June); humid, warm rainy monsoon (June to October)

Natural resources:

Natural gas, arable land, timber, coal

Natural hazards:

droughts; cyclones; much of the country routinely inundated during the summer monsoon season

Environment - current issues:

party to: Biodiversity, Climate Change, Climate Change-Kyoto Protocol,

Desertification, Endangered Species, Environmental Modification, Hazardous Wastes, Law of the Sea, Ozone Layer Protection, Ship Pollution, Wetlands. signed, but not ratified: none of the selected agreements

PEOPLE AND SOCIETY

Population:

159,453,001 (July 2018 est.)

Country comparison to the world: 8

Nationality: Bangladeshi

Ethnic groups:

Bengali at least 98%, indigenous ethnic groups 1.1% (2011 est.)

Note: Bangladesh's government recognizes 27 indigenous ethnic groups under the 2010 Cultural Institution for Small Anthropological Groups Act; other sources estimate there are about 75 ethnic groups; critics of the 2011 census claim that it underestimates the size of Bangladesh's ethnic population.

Languages:

Bangla 98.8% (official, also known as Bengali), other 1.2% (2011 est.)

Religions:

Muslim 89.1%, Hindu 10%, other 0.9% (includes Buddhist, Christian) (2013 est.)

Sex ratio:

At birth: 1.04 male(s)/female

0-14 years: 1.04 male(s)/female 15-24 years: 1.01 male(s)/female 25-54 years: 0.92 male(s)/female 55-64 years: 0.98 male(s)/female

65 years and over: 0.9 male(s)/female

Total population: 0.97 male(s)/female (2018 est.)

ECONOMIC ANALYSIS

I. Background

1. Bangladesh has been showing strong growth performance with a gross domestic product (GDP) growth rate estimated to have exceeded 7% in FY2016, for the second time in the last three decades—driven on the supply side by services and rise in public investment and consumption expenditures on the demand side.¹ With its vision to become a ‘middle income’ country by 2021, Bangladesh needs to steer the economy towards accelerated progress and achieve the required average GDP growth of 7.4% during the Seventh Five-Year Plan, FY2016– FY2020.² As such, investment rate will need to expand from 28% in FY2015 to around 34% by FY2020. Much of this investment will need to enhance infrastructure, improve labor skills, and boost manufacturing production.

2. Public investment in infrastructure in Bangladesh has been low averaging only about 2% of GDP and the long years of underinvestment have left a large part of the country’s population with poor access to basic infrastructure and services. The Global Competitiveness Report for 2014–2015 published by the World Economic Forum assigned Bangladesh an infrastructure ranking of 127 among 144 countries.³ Poor infrastructure is an obstacle to faster and more inclusive economic growth because it (i) reduces the incentives for domestic and foreign investment; and (ii) restricts the country’s participation in South Asian regional trade, even though its strategic location makes it a potential regional transport and transshipment hub.⁴ The frequent power shortages affecting industrial output due to the nation’s inadequate electricity infrastructure reduce GDP by an estimated 2% every year.⁵

3. To address these infrastructure deficiencies, the Seventh Five-Year Plan, FY2016– FY2020 requires a total financing equivalent to around Tk31.9 trillion, which is almost twice the size of Bangladesh’s GDP. Mobilizing financing from both the private and public sectors is critical to successfully accelerating investments in infrastructure. The government lacks the fiscal resources to finance the country’s infrastructure development on its own, and meeting the five-year plan targets will require substantial investment and implementation input from the private sector through public–private partnerships (PPPs).

II. Infrastructure Financing in Bangladesh

4. Commercial banks act as an engine of growth in any economy, but in Bangladesh they have limited exposure to the infrastructure sector. As of the end of FY2012, only slightly more than 3% of the loans and advances by scheduled banks were in what could be considered infrastructure sectors.⁶ The banking sector’s exposure norms and asset-liability structure generally limit banks from investing in infrastructure. Given that banks in Bangladesh are subject to existing single borrower exposure limit of 15% of total capital, it has been observed

BILATERAL RELATIONS BETWEEN INDIA AND BANGLADESH

India was the first country to recognize Bangladesh as a separate and independent state and established diplomatic relations with the country immediately after its independence in December 1971. The relationship between India and Bangladesh is anchored in history, culture, language and shared values of secularism, democracy, and countless other commonalities between the two countries. It is based on sovereignty, equality, trust, understanding and win-win partnership that goes far beyond a strategic partnership. In the last couple of years, the relationship has been further strengthened including through cooperation in new and high-technology areas.

High Level Visits and Exchanges There have been regular high-level visits and exchanges between the two countries. There have also been frequent visits at Ministerial level as well as between senior officials on a regular basis.

Bilateral Trade and Investment The first Trade Agreement between India and Bangladesh was signed in 1972. The India-Bangladesh Trade Agreement was last renewed in PM's visit in June 2015 for a period of 5 years with a provision for auto renewal. There are a number of other trade related agreements that have been signed between both countries. Bilateral trade between India and Bangladesh has grown steadily over the last decade. In the five years, total trade between the two countries has grown by more than 17%. India's exports to Bangladesh in the period July 2016 – March 2017 stood at US\$ 4489.30 million and imports from Bangladesh during FY 2016-17 stood at US\$ 672.40 million. More details on bilateral trade statistics are on the website of High Commission. India has provided duty free quota free access to Bangladesh on all tariff lines except tobacco and alcohol under South Asian Free Trade Area (SAFTA) since 2011. Four Border Haats, two each in Tripura and Meghalaya, have been established for the benefit of bordering communities. Additional Border Haats on the India-Bangladesh border are under consideration. Total Indian investment proposals in Bangladesh registered with the Bangladesh Investment Development Authority (BIDA) exceed US\$ 3 billion. Indian Foreign Direct Investment (FDI) in Bangladesh reached US\$ 88.0 million in 2015-16. During PM Sheikh Hasina's visit in April 2017, 13 agreements worth around US\$ 10 billion of mainly Indian investment in power and energy sectors in Bangladesh were signed.

India has extended 3 Lines of Credits to Bangladesh in the last 7 years amounting to US\$ 8 billion. This makes Bangladesh the largest recipient of LOC funds from India till date. During the visit of Bangladesh PM to India in January 2010, India had announced a US\$1 billion Line of Credit (LOC) for Bangladesh covering projects in public transportation, roads, railways, bridges and inland waterways etc. Most of these projects have been completed and the remaining are at various stages of completion. India had extended the second LOC of US\$ 2 billion during the visit of Prime Minister Modi to Bangladesh in June 2015. This LOC covers 15 projects in areas of Roads, Railways, Power, Shipping, SEZs, Health & Medical Care and Technical Education. During the visit of Bangladesh PM to India in April 2017, India extended a third LOC of US\$ 4.5 billion to Bangladesh. The new LOC will cover projects in areas of Port. Construction, Railways, Roads, Airports, Power & Energy, Telecommunications, and Shipping etc. In addition to LOC funds, Government of India also provides grant assistance to Bangladesh for projects under 'Aid to Bangladesh'. Projects such as construction of school/college buildings, laboratories, dispensaries, deep tube wells, community centres, renovation of historical monuments/buildings etc have been financed by Government of India under this programme. At present, three Sustainable Development Projects (SDPs) are being undertaken in the cities of Rajshahi, Khulna and Sylhet. The extended development work of Rabindra Nath Tagore's ancestral house in Shilaidaha is as well as 36 community clinics in selected districts of Bangladesh is also being undertaken. One of the biggest projects under the Indian grant assistance is the Bangladesh section of the Agartala-Akhaura rail-link.

40th Dye Chem Bangladesh

ABOUT THE EXHIBITION:

“40th Dye+Chem Bangladesh 2022 International Expo”. Being the only exhibition of its kind in Bangladesh and having organized many successful editions over the years focusing on the colossal industry of Bangladesh, 40th Dye+Chem Bangladesh 2022 will once again be the most prestigious and exclusive International Exhibition devoted to focus on all kinds of Dyestuff and Fine & Specialty Chemicals for the Bangladesh Industry and will be a one-stop single platform to showcase from home and abroad the latest developments and emerging technology for the Process Industry.

The 40th Dye+Chem Bangladesh 2022 will be the biggest meeting place ever held in Bangladesh for Buyers and Suppliers of Dyestuffs & Chemicals and will also provide an interactive platform for Exhibitors to generate business through displays / direct interaction and will enhance the synergy effect and attract top-level professionals from the Industry thus improving technology, focus, and visitors of the expo..

40th Dye Chem Bangladesh

As an export promotion activity for the year 2022-2023 Chemexcil has participated in 40th Dye Chem Bangladesh from 31st August – 03rd September, 2022 at International Convention City, Bashundhara, Dhaka-Bangladesh. This event was recommended to DOC under the MAI Scheme of the Department of Commerce, Government of India.

The Ministry of Commerce & Industry has approved the said project under the MAI scheme vide letter no. F.No. K-11020/431/2021 DTD. 5th July, 2022 for 25 Exhibitors (Minutes of Meetings of Sub-Committee of MAI to consider proposals for MAI assistance for the activities to be undertaken by EPC's/ Trade Bodies during the FY 2022-23) for 25-exhibitors.

The 40th Dye+Chem Bangladesh 2022 will be the biggest meeting place ever held in Bangladesh for Buyers and Suppliers of Dyestuffs & Chemicals and will also provide an interactive platform for Exhibitors to generate business through displays / direct interaction and will enhance the synergy effect and attract top-level professionals from the Industry thus improving technology, focus, and visitors of the expo.

The Inauguration Ceremony was organized on 31st August, 2022 at 12.30 hrs. (Dhaka Time). The Indian Pavilion was inaugurated by **Shri Pratik Negi, First Secretary, HCI DHAKA, Bangladesh**, Vietnam along with **Mr. Vicky Moolchandani**, Regional Officer, CHEMEXCIL and Ms. Jennifer Lawrence, Section Officer, CHEMEXCIL.

Later **Shri Pratik Negi** had visited Indian Members Exporter Stalls. The members-exporters were happy to interact with the visiting dignitaries.

CHEMEXCIL

In the Total 29 member-exporters from CHEMEXCIL participated in this Exhibition with total area of 246 sqmtr. 40th Dye Chem Bangladesh attracted 5000+ industry experts
