## FACT SHEET- SOUTH AFRICA

### **Background:**

#### **Country name:**

Conventional long form: Republic of South Africa

Conventional short form: South Africa

Former: Union of South Africa

Abbreviation: RSA

**Etymology:** Self-descriptive name from the country's location on the continent; "Africa" is derived from the Roman designation of the area corresponding to present-day Tunisia "Africa terra," which meant "Land of the Afri" (the tribe resident in that area), but which eventually came to mean the entire continent

#### **Government type:**

Parliamentary republic

#### **National Flag :**

Two equal width horizontal bands of red (top) and blue separated by a central green band that splits into a horizontal Y, the arms of which end at the corners of the hoist side; the Y embraces a black isosceles triangle from which the arms are separated by narrow yellow bands; the red and blue bands are separated from the green band and its arms by narrow white stripes; the flag colors do not have any official symbolism, but the Y stands for the "convergence of diverse elements within South African society, taking the road ahead in unity"; black, yellow, and green are found on the flag of the African National Congress, while red, white, and blue are the colors in the flags of the Netherlands and the UK, whose settlers ruled South Africa during the colonial era

**Note:** The South African flag is one of only two national flags to display six colors as part of its primary design, the other is South Sudan's

### **National Symbol(s):**

Springbok (antelope), king protea flower; national colors: red, green, blue, yellow, black, white

### **National Anthem:**

Lyrics/Music: Enoch SONTONGA and Cornelius Jacob LANGENHOVEN/Enoch SONTONGA and Marthinus LOURENS de Villiers

**Note:** adopted 1994; a combination of "N'kosi Sikelel' iAfrica" (God Bless Africa) and "Die Stem van Suid Afrika" (The Call of South Africa), which were respectively the anthems of the non-white and white communities under apartheid; official lyrics contain a mixture of Xhosa, Zulu, Sesotho, Afrikaans, and English (i.e., the five most widely spoken of South Africa's 11 official languages); music incorporates the melody used in the Tanzanian and Zambian anthems

**Independence:** 31 May 1910 (Union of South Africa formed from four British colonies: Cape Colony, Natal, Transvaal, and Orange Free State); 22 August 1934 (Status of the Union Act); 31 May 1961 (republic declared); 27 April 1994 (majority rule)

**National Holiday:** Freedom Day, 27 April (1994)

### **Constitution:**

History: several previous; latest drafted 8 May 1996, approved by Constitutional Court 4 December 1996, effective 4 February 1997

Amendments: Proposed by the National Assembly of Parliament; passage of amendments affecting constitutional sections on human rights and freedoms, non-racism and non-sexism, supremacy of the constitution, suffrage, the multi-party system of democratic government, and amendment procedures requires at least 75% majority vote of the Assembly, approval by at least six of the nine provinces represented in the National Council of Provinces, and assent by the president of the republic; passage of amendments affecting the Bill of Rights, and those related to provincial boundaries, powers, and authorities requires at least two-thirds majority vote of the Assembly, approval by at least six of the nine provinces represented in the National Council, and assent by the president; amended many times, last in 2013 (2017)

### **Legal system:**

Mixed legal system of Roman-Dutch civil law, English common law, and customary law

### **International organization participation:**

ACP, AfDB, AU, BIS, BRICS, C, CD, FAO, FATF, G-20, G-24, G-5, G-77, IAEA, IBRD, ICAO, ICC (national committees), ICt, ICRM, IDA, IFAD, IFC, IFRC, IHO, ILO, IMF, IMO, IMSO, Interpol, IOC, IOM, IPU, ISO, ITSO, ITU, ITUC (NGOs), MIGA, MONUSCO, NAM, NSG, OECD (enhanced engagement), OPCW, Paris Club (associate), PCA, SACU, SADC, UN, UNAMID, UNCTAD, UNESCO, UNHCR, UNIDO, UNITAR, UNWTO, UPU, WCO, WFTU (NGOs), WHO, WIPO, WMO, WTO, ZC

## **GEOGRAPHY**

### **Location:**

Southern Africa, at the southern tip of the continent of Africa

**Geographic coordinates:** 29 00 S, 24 00 E

**Area:** Total: 1,219,090 sq km ( land: 1,214,470 sq km water: 4,620 sq km)

**Note:** Includes Prince Edward Islands (Marion Island and Prince Edward Island)

Country comparison to the world: [26](#)

### **Land boundaries:**

**Total:** 5,244 km

**Border countries** (6): Botswana 1969 km, Lesotho 1106 km, Mozambique 496 km, Namibia 1005 km, Eswatini 438 km, Zimbabwe 230 km:

**Coastline:** 2,798 km

**Environment - current issues:** Lack of important arterial rivers or lakes requires extensive water conservation and control measures; growth in water usage outpacing supply; pollution of rivers from agricultural runoff and urban discharge; air pollution resulting in acid rain; deforestation; soil erosion; land degradation; desertification; solid waste pollution

### **Geography - note:**

South Africa completely surrounds Lesotho and almost completely surrounds Eswatini

### **Climate:**

mostly semiarid; subtropical along east coast; sunny days, cool nights

**Natural resources:** gold, chromium, antimony, coal, iron ore, manganese, nickel, phosphates, tin, rare earth elements, uranium, gem diamonds, platinum, copper, vanadium, salt, natural gas

## **PEOPLE AND SOCIETY :**

### **Population distribution:**

The population concentrated along the southern and southeastern coast, and inland around Pretoria; the eastern half of the country is more densely populated than the west

**Population:** 55,380,210 (July 2018 est.)

**Note:** Estimates for this country explicitly take into account the effects of excess mortality due to AIDS; this can result in lower life expectancy, higher infant mortality, higher death rates, lower population growth rates, and changes in the distribution of population by age and sex than would otherwise be expected

## **ECONOMY:**

### **Overview:**

South Africa is a middle-income emerging market with an abundant supply of natural resources; well-developed financial, legal, communications, energy, and transport sectors; and a stock exchange that is Africa's largest and among the top 20 in the world.

Economic growth has decelerated in recent years, slowing to an estimated 0.7% in 2017. Unemployment, poverty, and inequality - among the highest in the world - remain a challenge. Official unemployment is roughly 27% of the workforce, and runs significantly higher among black youth. Even though the country's modern infrastructure supports a relatively efficient distribution of goods to major urban centers throughout the region, unstable electricity supplies retard growth. Eskom, the state-run power company, is building three new power stations and is installing new power demand management programs to improve power grid reliability but has been plagued with accusations of mismanagement and corruption and faces an increasingly high debt burden.

South Africa's economic policy has focused on controlling inflation while empowering a broader economic base; however, the country faces structural constraints that also limit economic growth, such as skills shortages, declining global competitiveness, and frequent work stoppages due to strike action. The government faces growing pressure from urban constituencies to improve the delivery of basic services to low-income areas, to increase job growth, and to provide university level-education at affordable prices. Political infighting among South Africa's ruling party and the volatility of the rand risks economic growth. International investors are concerned about the country's long-term economic stability; in late 2016, most major international credit ratings agencies downgraded South Africa's international debt to junk bond status.

### **South African Economy**

South Africa is the 2<sup>nd</sup> largest economy on the African continent with a GDP of USD 350 billion [Nigeria recently overtook SA after rebasing its economy]. It is a diversified economy but heavily dependent on services (63%) and commodities, with industrial activity comprising 29% of GDP. In last three years the growth rate is less than 2%. It grew by 1.5% in 2014 and less than 1% in 2015 and 2016. The slowdown in SA economy remains complicated by falling commodity prices, labour unrest, high unemployment, inequality, high budget deficit, spiralling public debt and contracting exports. Despite a brief recession and bleak predictions for 2017, the South African economy had posted a higher than expected GDP. The South African economy grew by 1.3% in 2017, exceeding National Treasury's expectation of 1.0% growth.

## **BILATERAL RELATIONS BETWEEN INDIA AND SOUTH AFRICA**

---

### **Historical Background**

1. India's links with the struggle for freedom and justice in South Africa date back to the period during which Mahatma Gandhi started his Satyagraha movement in South Africa over a century ago. India was at the forefront of the international community in its support to the anti-apartheid movement; it was the first country to sever trade relations with the apartheid Government (in 1946) and subsequently imposed a complete -- diplomatic, commercial, cultural and sports -- embargo on South Africa. India worked consistently to put the issue of apartheid on the agenda of the UN, NAM and other multilateral organizations and for the imposition of comprehensive international sanctions against South Africa. The ANC maintained a representative office in New Delhi from the 1960s onwards.

2. Following talks between the then South African Government and the ANC, India's relations with South Africa were restored after a gap of over four decades with the opening of a Cultural Centre in Johannesburg in May 1993. Formal diplomatic and consular relations with South Africa were restored in November 1993 during the visit to India of the then South African Foreign Minister Pik Botha. A Consulate General was thereafter established in Johannesburg. The Indian High Commission in Pretoria was opened in May 1994, followed by the opening of the Consulate General in Durban the same month. Since Parliament in South Africa meets in Cape Town, a permanent office of the High Commission was opened there in 1996. In addition to its High Commission in Delhi, South Africa has a Consulate General in Mumbai.

### **Political Relations**

#### **Development of political relations since 1994**

3. Against the background of India's consistent support to the anti-apartheid struggle, there has been a steady consolidation of our close and friendly ties with South Africa, both bilaterally and through the trilateral IBSA Dialogue Forum. A number of bilateral agreements have been concluded between the two countries since the assumption of diplomatic relations in 1993 in diverse areas ranging from economic and commercial cooperation, defence, culture, health, human settlements, public administration, science and technology and education

### **India-South Africa Trade**

India-SA trade in 2017-2018 (Apr'17-Feb'18) was at USD 9.380 billion with Indian Exports at USD 3.546 billion and Indian Imports at USD 5.834 billion. From a continental perspective, 44.7% of South Africa's total imports, and 32% of South African exports by value in 2017 were from/to Asian countries. India was the 4<sup>th</sup> largest importing partner and the 5<sup>th</sup> largest export destination for South Africa in 2017-18.

<b>(Figures in Billion USD)</b>	<b>2013-14</b>	<b>2014-15</b>	<b>2015-16</b>	<b>2016-17</b>	<b>2017-18</b>
<b>INDIA'S EXPORTS</b>	5.074	5.301	3.588	3.052	3.546
<b>INDIA'S IMPORTS</b>	6.075	6.496	5.907	5.096	5.834
<b>TOTAL</b>	11.149	11.797	9.495	8.148	9.380

South Africa is still India's largest trading partner in the Sub-Saharan Africa, after Nigeria. Like past years, the trade balance is still in favour of South Africa. The earlier bilateral trade target of USD 10 billion was revised to USD 15 billion to be reached by 2014. This target was achieved in 2011-12, ahead of schedule. The bilateral trade which dipped in 2013-14 had shown some recovery in 2014-15 up by 5.8%. However, in 2015-16 and 2016-17 the bilateral trade has declined to the lowest level in last 5 years. The Hon'ble Prime Minister during his visit to South Africa from 7-9 July, 2017 while addressing the India-South Africa CEOs' forum and Business Meeting has emphasized on doubling the bilateral trade between India and South Africa in the next five years.

India's exports to South Africa have seen more than a three-fold increase in the last 10 years: it increased from USD 984 million in 2004-05 to USD 3.546 billion in 2017-18. Currently India's investment in South Africa is about USD 9.4 billion.

India's imports from South Africa have increased dramatically from USD 292 million in 2004-05 to USD 5.834 billion in 2017-18.

There is substantial potential for trade growth between the two countries. As per information available with Department of Trade and Industry of South Africa, South Africa's exports to India amounted to USD 4.2 billion or 4.7% of its overall exports.

### **Indian Business in South Africa**

Indian business has a large presence in South Africa with an investment of over USD 8-9 billion. The main areas of our engagement are pharmaceutical; IT, automobile, banking and mining, but there are still other sectors where our companies are doing brisk business. Indian businesses in South Africa have organised themselves into a platform called the India Business Forum. The Forum presently has 90 members. High Commissioner of India is the Chief Patron of this Forum. Leading Indian companies in South Africa are: TATAs, Sun Pharma, Dr.Reddys, Mahindra & Mahindra, L&T, Jindal, Vedanta, TCS, WIPRO, Infosys, Tech Mahindra, HCL, Zensar, Nihilent, State Bank of India, ICICI Bank, Bank of Baroda, EXIM Bank, Bank of India, Canara Bank among others.

### **South African business in India**

Several South African companies have invested in India. Leading among them are SANLAM [insurance], Life Healthcare [healthcare], Momentum [insurance], Airport Company of South Africa [Mumbai airport], First Rand bank, Old Mutual, SAB Miller [brewery], NASPERS [e-commerce], Smollan [retail] among others.

### **Services for Indian Companies**

RECENTLY, THERE HAS BEEN INORDINATE INCREASE IN THE NUMBER OF TRADE DISPUTES BETWEEN INDIAN COMPANIES AND SOUTH AFRICAN COMPANIES, WHERE PAYMENTS ARE NOT BEING MADE BY THE IMPORTING COMPANY IN SOUTH AFRICA. THE DEPARTMENT OF TRADE & INDUSTRY, GOVERNMENT OF SOUTH AFRICA IS NOT LEGALLY MANDATED TO TAKE ANY ACTION AGAINST ANY COMPANY IN THIS COUNTRY AND IT BECOMES DIFFICULT TO RECOVER THE PAYMENT FROM THE DEFAULTERS. THIS IS TO ADVISE ALL EXPORTERS FROM INDIA TO ENTER INTO A LEGAL CONTRACT BEFORE EXPORTING GOODS AND DO SO 'ONLY' AND 'ONLY' AGAINST LC AND SIMPLY NOT AGAINST PURCHASE ORDER (PO).

### **TRADE QUERY:**

The Consulate encourages trade queries through e-mail. All queries should be sent to the following e-mail address:

Mr. Anuj Kumar Gupta, Commercial Representative , Email : [hoc@indconjoburg.co.za](mailto:hoc@indconjoburg.co.za)

For Indian trade queries, the Consulate can assist in compilation of business contacts/agencies/list of traders in South Africa and send this list including phone, fax, and email details.

### **Business Delegations:**

The Consulate assists Indian export organizations/ agencies to organize business delegations to South Africa. If complete information about the members of the delegation along with their profiles and business interests are made available well in time (3-4 weeks), the Consulate could arrange business interactions with relevant companies and organizations in South Africa

## **EXHIBITION AT A GLANCE (BRIEF REPORT)**

**“INDIAN CHEMICALS & COSMETICS EXHIBITION”  
AT GALLAGHER CONVENTION CENTER, MIDRAND, JOHANNESBURG, SOUTH AFRICA  
ON 12<sup>TH</sup> & 13<sup>TH</sup> February 2019**

### ***Organizers & Exhibitors***

Chemexcil Chairman: Mr. Satish Wagh  
Executive Director: Mr. S G Bharadi  
Deputy Director : Mr. Deepak Gupta  
Regional Director: Mr. Dharmendra Joshi  
25 companies Exhibited + 104 Visitors in 2 days

### ***Chief Guest***

Dr. K J Srinivasa, Consul General of India in Johannesburg

The Exhibition was organized for the 2<sup>nd</sup> time in Johannesburg. The earlier Exhibition was organized in 2016 in Sandton Convention Center. However, due to issues of Parking in the downtown, it was decided to organize it at the Gallagher Convention Center in Midrand, Johannesburg this time.

Dr. K J Srinivasa, Consul General of India in Johannesburg, inaugurated the Exhibition on 12<sup>th</sup> February 2019 by cutting the ribbon. He expressed pleasure that Chemexcil has organized the Exhibition in SA, and remarked that SA, although bit difficult to do business, has a good potential for Indian Export, particularly in the field of chemicals, cosmetics, and pharmaceuticals. He cautioned Indian Exporters to carry out due diligence before entering into a business contract with any company and assured full support and help from his office. Mr. Anuj Kumar Gupta, Consul (Commercial) was also present.

There has been continuous increase in the quantity and value of Indian Exports to South Africa, particularly in the sectors of Dyes & Intermediates, Basic Chemicals, Agro Chemicals, and Cosmetics.

The two day Exhibition successfully showcased the capabilities of 25 of our member exporters as genuine suppliers of quality goods with competitive prices. Although the visitor turnout was 104 in two days, the Exhibitors remarked that the quality of visitors was indeed very good. They were genuinely interested buyers and came from reputed companies in SA – end users, and trading partners. Many of the exhibitors already received trail orders and others were hopeful of good business on basis of the deliberations with the visitors.

The general feedback was very positive and good outcome is expected. Businessmen from both countries were of the view that since there is no other established international level exhibition in SA in the sector, Chemexcil should keep investing in the exhibition till it becomes a brand, and establishes itself as the only and best exhibition in the sector. The exhibition survey also brought out that SA is a difficult country and culture to market directly and hence, it would be better to tie up with some local business group as Dealer/Distributor/Agent to enhance the trust factor, and then build upon the business.

GPE Expo Pvt. Ltd. was assigned the responsibility of Event Management including Venue booking and local logistics. Globe Totter, with its associate office in Johannesburg, was assigned the responsibility to market the Exhibition in SA, including contacting and inviting visitors with profiles relevant to Exhibitors.

Regional Director, Ahmedabad Regional Office Mr. Dharmendra Joshi, and Deputy Director Mr. Deepak Gupta were assigned to oversee the Exhibition on behalf of Chemexcil.
