

CHEMLOGTM SUPPLY CHAIN OF CHEMICALS

#1 - International Conference & Exhibition

INTRODUCING

CHEMPACK INDIA 2022

Exhibition on
Chemical Packaging, Storage and Safety

www.chemlogindia.com

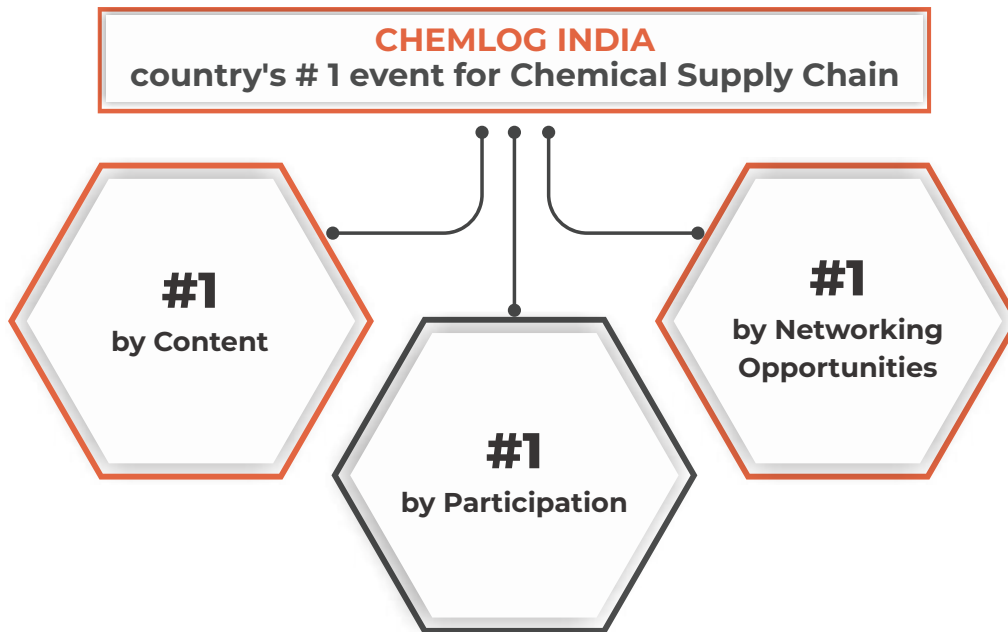

01 02

DECEMBER 2022
Holiday Inn, Mumbai, India

Organised By
**Indus
Exposium**

Are you are struggling with challenges like sustainability, ocean and land logistics visibility, material shortages and digital transformation against the backdrop of global supply chain disruptions and unpredictable demand fluctuations? Without the critical information and insights from your industry peers, it is very unlikely that your end-to-end supply chain strategy can address your top pain points.

It is only at CHEMLOG that will you get to learn from and network with heads of supply chain, logistics, planning and customer service from top global chemical manufacturers & their service providers. Here, they share the do's and don'ts on building a world class end-to-end supply chain that not just survives but thrives in the new post pandemic world order.

7th edition of CHEMLOG India is scheduled for 1st - 2nd December 2022 at Holiday Inn, Mumbai, India.

WHAT'S NEW

Learning

CI is known for focus on education and building connections through learning together. We foster a collaborative and engaging learning environment that will help you challenge yourself. You'll experience different learning styles; keeping learning fresh and invigorating.

Breakout Sessions

Curated by the Steering Committee, these sessions bring you insights on the hottest topics, best practices, and case studies in supply chain management.

Executive Insights

Ted Talk style sessions from senior executives who will share their journey, obstacles they've had to overcome, and lessons learned.

Roundtables

Facilitated discussions on a range of supply chain topics. This will allow exchange ideas in a casual & open setting

Startup & Innovation Pitches

Get inspired by the Startup founders & Innovators as they pitch their solutions. These fast, fun teasers will highlight that latest in supply chain innovation.

THE CONFERENCE

7th CHEMLOG India is slated for 1st – 2nd December 2022 at the holiday Inn, Mumbai, India. Scheduled for 2 days it will ensure a grander event delivering more content, more networking, more showcase and more fun.

WHY ATTEND?

The matchless quality of our speakers comprising of supply chain pioneers and innovators

Only forum discussing the current & future of chemical supply chain

Trailblazing insights into chemical trends, developments and opportunities

Brand new SCM strategies

Exclusive networking opportunities with leading chemical players, industry partners and service providers

WHO ATTENDS

Chemical Manufacturer or Distributors, in the following areas:

Supply Chain ■ Logistics ■ Procurement ■ Operations ■ Demand Planning ■ Transport

Service provider ie Logistic Service Providers, software & technology, consultancy, ports:

Business Development Sales

State disaster management authorities, ministries, institutions, R&D, associations and allied industry

THE EXHIBITION

International Exhibition on Supply Chain of Chemicals

CHEMLOG India Exhibition is meeting place for Leaders, CEO's, CXO's, heads of supply chain, logistics, manufacturing, procurement, planning of Chemical Industry and their service providers. So if you have a product, service or technology that provides long term solutions to pain points of the customers then you need to exhibit at CHEMLOG.

WHY EXHIBIT

Connect and source new buyers, suppliers and business partners

Interact with your Target Audience

On-spot lead generation

Unlimited Opportunities to connect and share product knowledge

WHO EXHIBITS

- ❖ Bulk liquid logistics and storage solution service providers
- ❖ Road tanker transporter & container operators
- ❖ Ports & Liquid Terminals Operators
- ❖ Bulk Liquid Shipping Lines, Shipping Tankers & Cargo handling companies
- ❖ Trucks-Tanker manufacturers
- ❖ Export-Import Logistics and freight forwarders
- ❖ Contract logistics, 3PL & 4PL
- ❖ Chemical carriers by road, sea, air and rail
- ❖ IT/software solutions
- ❖ Automation & control systems
- ❖ Warehousing, Material handling & lifting infrastructure
- ❖ Tracking systems, GIS, GPRS, remote sensing, satellite communication for vehicles & many more...

INTRODUCING

**CHEMPACK
INDIA 2022**

International Exhibition on
**Chemical Packaging,
Storage and Safety**

Industrial chemicals are often critical health hazards and need to be handled carefully during packaging and shipping. It has always been a challenging task implementing how to best do it in a Mindful manner.

Chemicals that are highly acidic or extremely liquids flammable or basic can cause dangerous harms to living being and environment. Chemical packaging challenges are manifold including prevention of spillage, health hazards, physical hazards, Environmental Hazards etc. If done improperly, the industrial chemical can have a long-lasting negative impact on the environment, can cause harm to the end user or the warehouse workers, or can just be rendered ineffective. For best results Chemical packaging process must be automated with minimal human intervention.

CHEMPACK exhibition offers packaging solutions to the Chemical industry on a single platform where industry leaders, chemical producers, packaging and storage heads, purchase and logistic leaders can interact with the chemical packaging manufacturers, solution and service providers & look for a viable and effective answer to their needs.

WHO EXHIBITS

- ✘ Jerry cans, Drums or barrels (Steel and Plastic), Intermediate Bulk Containers (IBC), ISO Tank Container, Flexible Tank Container, Plastic storage tank, Stainless steel storage tanks,
- ✘ Pallets & Crates
- ✘ Filling equipment, Automatic packaging palletizer, weighing equipment,
- ✘ Storage equipment
- ✘ Tank farm Design and engineering
- ✘ Cleaning systems
- ✘ Ventilation products
- ✘ Labeling, coding and marking solutions
- ✘ Technology and handling equipment for dangerous goods
- ✘ Packaging Machine & Equipment's
- ✘ Packaging product Traders, Importers & Exporters
- ✘ Chemical Safety equipment
- ✘ Respirators, Half face Respirators, Chemical protective PPE, Chemical Fume Hoods, Chemical Spill Containment Kits, Personal Protective Equipment (Safety Glasses, Safety Goggles, Laser Safety Goggles, Face Shields, Body protection gear)
- ✘ Anti-fire chemicals, First aid kits
- ✘ Fire protection, firefighting systems

CHEMLOG - A RETROSPECT

Over the past 6 editions Chemical manufacturers, supply chain & logistics leaders, domain experts, consultants, regulators, manufacturers, product innovators, suppliers from across the value chain have made CHEMLOG live with debates, discussions, and presentations enabling the mandated, take informed decisions. Participants through their testimonials have, in most of the cases, awarded top ranks to the content, conduct & attendance of this industry leading event making it a not to be missed opportunity. CHEMLOG has always been at the forefront creating ample opportunities for the participants to network and enhance their business footprint. The very focused exhibition has further multiplied its reach. CHEMLOG India has come a long way since its inaugural edition in January 2016.

06
EDITIONS

200+
SPEAKERS

800+
DELEGATES

300+
ORGANISATION

Owing to the support and encouragement from the industry, CHEMLOG has transformed into the country's # 1 Chemical Supply Chain event and as we move ahead our endeavor always will bring to you the best of knowledge and experience.
